III. APPEARING BEFORE THE BOARD

Billy Neville – CE-549

Mr. Neville is appearing before the Board to ask that his Electrical License be taken off hold after numerous conversations with the Codes Staff indicated that he stated he had retired and then a few days later he requested to place his license in another person's name of Cothron Electric.

Mr. Neville came to the Administrative Office and Codes and met with myself (Karene West), and stated that he was retiring and moving to Lawrenceburg and was going to allow Mr. Cothron use his License to pull permits under C. Cothron Electric. I informed Mr. Neville this was not legal under the Electrical Code, that for him to be a licensed contractor, the Registration states that he would have to be employed with this company 40 hours per week. I further explained how this was viewed as selling his licenses under the Electrical Code, and he could possibly have his license revoked if he were to do this.

I informed him that I would not change the name of his company to C. Cothron Electric since he would not be responsible for obtaining the permits and performing the work, or Mr. Cothron performing the work under his guidance. Mr. Neville's license is still registered with Pro Service Electric. I asked Mr. Cothron if he was licensed anywhere and he said that he wasn't. He said he had been wiring all his life. I advised that he take the examination and he said that he couldn't pass it because of all of the "industrial" work and questions. At this point I placed Mr. Neville's on Hold and explained to him the reason why.

Several days later Mr. Neville contacted myself (Karene West) and said that he could not retire – that he had not moved to Lawrenceburg and he needed to work and he would work under his own company of Pro Service Electric. Since I was uncomfortable with the situation, I informed Mr. Neville that I would not take his license off Hold until he met with the Electrical Board.

Several weeks later another person came into the office and stated that he was Mr. Neville's partner, Buddy Pinson, and he stated that Mr. Neville had sent him down to obtain a permit under Pro Service Electric. I denied the permit since Mr. Neville had informed me as well as Supervisor Carla Langley in the Permits Division that Mr. Pinson was to never obtain permits off his license. Mr. Neville contacted myself (Karene West) and stated that he had not told me that he was retiring and that I had misunderstood. I spoke with Ms. Langley in the Permit Division, and she too stated that she was informed the same by Mr. Neville. (Continued on next page)

III. APPEARING BEFORE THE BOARD CONTINUED				
Billy Neville – CE-549				
Based on what information Mr. Neville told myself as well as Carla Langley, I felt that Mr. Neville's intent was to sell his license under Code Section 6.20.120 (4)., and I advised Mr. Neville that he will need appear before the Board and provide a full explanation of his intent regarding his license.				
Discussion: Mr. Neville called and said he could not appear he had a death in his family.	ar as Motion: First: Second:	Opposed or Abstained:
